'SUGARING' IN VERMONT FESTIVAL NEXT WEEK-END

Early spring brings melting snow, sap running from the sugar maple, and steam rising from the sugarhouse nestled back in the woods. That's the scene you will see in Franklin County, Vermont during "sugaring" time.

"Sugaring" time means many things to many people. It means long hours and hard work, all the way from gathering sap to the boiling and making of maple syrup, but in the end it means some extra cash to help pay the taxes or buy something the family has long been wishing for. It's also the smelling of hot maple syrup just coming off the pan and the taking of a "sip." It is the romantic atmosphere that one sees as he goes into the sugarhouse, stomps through the snow in the "bush" to watch the sap drip from the Vermont maple.

It also means maple syrup on hot griddle cakes, sugar-on-snow, sweet maple candy, and all the wonderful food that can be made by using maple syrup and maple products.

Sugaring in Franklin County is done by some 200 producers. They produce some 100,000 gallons of pure Vermont maple syrup that so many people talk about. Each gallon of maple syrup is made from 4 maple trees that are 40 years old, producing 40 gallons of maple sap each, 6 cubic feet of wood burned in the arch, and daily trips up the hillside for 2 months to collect the gallons of sap. Plus a packing crew to properly sterilize, filter, grade, seal, label, and can each gallon of Vermont maple.

To honor this romantic, unique industry, and one of the last to be seen in this highly technical world, the St. Albans Chamber of Commerce, in cooperation with the Franklin County Maple Industry, sponsors the Franklin County Maple Festival. This festival offers everyone an opportunity to see how maple syrup is made, to take home some of that good Vermont maple, and at the same time have a good time. All of this will take place the weekend of April 3, 4, and 5.

Tours will be made right to the sugarhouse to see the sugarmaker making and boiling sap into maple syrup. You will be able to see maple syrup made into maple candy and cream. Maple cotton candy, maple cream, maple candy, and other foods made with maple products will be on sale, along with various sized

containers of Vermont maple syrup.

You will start Sat. and Sun. mornings with hot pancakes, sausages, and hot coffee. During the day you will be able to visit Taylor Park and try that delicious sugar-on-snow. You will be able to view and take part in the many and varied activities on the park. Skits, exhibits, a "Community Sing" on Sunday, wood chopping contest, sap bucket throw, and old and new maple equipment, are just a part of the many other activities aimed at giving you a time you'll long remember!

The Fiddlers, with all their old-time tunes, will be making their debut Friday eve in an old-fashioned fiddlers' contest. Fifteen fiddlers will be tuning up their fiddles, as each one will be vying for 1st place. Capping off the Fri. eve's performance will be a Dime-A-Dip supper and a Maple Teen Dance. The search for the outstanding talent will begin with the Maple Festival Talent Contest Fri. eve.

You won't want to miss the Maple Sugar Hoedown which will follow a mouth watering banquet, and the presentation of special awards Sat. eve. The "Sugarmaker of the Year" will be named, and many other awards presented. Also on Sat. eve. the king and queen of the 1970 Franklin County Maple Festival will be crowned. They will reign over the festival during the coming year. The U. of Rochester Men's Glee Club of Rochester, N.Y., will present a concert. Card players are invited to take part in a card party which will also be held Sat. eve.

Sat. afternoon will be the time of the big parade with Vermont's Gov. Dean Davis, along with many other state, county, and local dignitaries present.

No one will want to miss seeing the antique flea market, art show, photographic and craft show! Each of these activities has something for everyone. And oh yes, the merchants will be having a merchant sale during the big festival.

All of this, plus much more, will take place in St. Albans, Vermont on April 3, 4, 5. The people of Franklin County extend an open invitation to all. The St. Albans Chamber of Commerce will be willing to provide you any and all information they have and will help answer any questions you may have. You can receive more information by writing to Chamber of Commerce, St. Albans, Vermont 05478.

SUMMER PROGRAM FOR COLLEGE STUDENTS

STATE HOUSE, BOSTON — In his continuing efforts to involve college students in government, Governor Sargent announced that letters have been sent to every mayor and selectman in Mass. requesting their participation in the 1970 Summer Internship Program in Municipal Administration.

The Municipal Intern Program, sponsored and funded by the Dep't of Community Affairs, places outstanding graduates and undergrads interested in gov't careers for 10 weeks with local agencies throughout the State.

The Governor said, "this intern program will provide much-needed technical assistance at no cost to hard-pressed municipalities while at the same time offering valuable practical experience to students interested in community planning and development."

Recent Community Affairs surveys have found that local agencies such as planning boards and management offices need assistance with capital improvement programs, housing and building code enforcement, long-range community planning, engineering operations, and budget procedures.

Mayors and selectmen were requested to forward applications for Mun. Adm'n Interns to DCA by March 31. Serious consideration will be given by the state to all municipal aid programs designed to benefit both the community and the student.

Candidates for the internship program will be nominated by colleges and universities, then interviewed by the Dep't. Final selections will be made by April 24.
